Fall 2018 Intake

Dear Veterinary Technology Applicant:

Thank you for applying to the Veterinary Technology Conventional (R206) diploma program at University of Guelph, Ridgetown Campus for the Fall 2018 intake. Applicants who have achieved, or are in the process of achieving, the ACADEMIC REQUIREMENTS as listed on the “VETERINARY TECHNOLOGY DIPLOMA PROGRAM - Admission Requirements – 2018” document, are eligible to complete the required pre-admission test. Post-secondary courses taken in the same areas of study will also be considered. Proof of upgrading-in-progress, such as course registration receipts or emails, for courses that are being completed through non-high school sources, need to be sent directly to the College Registrar by mail; fax 519-674-1650; or email to baoneill@uoguelph.ca no later than February 28th. Final grades for the upgraded course(s) must also be submitted to the Registrar’s Office no later than August 1st.

The H.O.A.E. pre-admission testing must be completed by all applicants who wish to be considered for the Veterinary Technology diploma programs at Ridgetown Campus. To register for your testing date, visit our website at Ridgetown Campus website. Please pre-register no later than February 12th. There is a testing fee of $50.00. Please read the “IMPORTANT INFORMATION REGARDING ADMISSION CONSIDERATION” document for further information. Sign-in on the day of testing will be held in the D.J. Pestell Student Service & Alumni Centre (lower level) from 12:30 – 1:00 p.m. (Applicants registered with our Student Accessibility Services office are to sign-in between 10:00 – 10:15 a.m.) A Q&A information session will be held for parents and friends during the testing time. Be sure to read the “HEALTH OCCUPATION APTITUDE EXAMINATION (H.O.A.E.)” document for additional information. Directions to our campus can be found on our website.

Please note that other colleges may require a different pre-admission testing than the H.O.A.E., so be sure to read admission consideration requirement information from each college closely!

Final marks (transcripts) are electronically supplied for current high school students by their school. All other applicants must have a copy of their high school transcript sent either to ontariocolleges or directly to the Registrar’s Office of the college, even if you have already attended, or are currently attending, a post-secondary institution. Post-secondary transcripts must also be forwarded, if applicable. Applicants will be assessed and ranked according to high school marks, pre-admission testing results, and prior post-secondary accomplishments. The 40 hour work experience in a veterinary clinic/hospital admission requirement must also be met, with the Work Experience Form being submitted to the Assistant Registrar no later than August 1st.

If you have any questions concerning the academic requirements or any other aspects of the Veterinary Technology programs, please don’t hesitate to call the Registrar’s Office at (519) 674-1500 ext.63610 or email baoneill@uoguelph.ca.

Sincerely,

Barb O’Neill
Assistant Registrar
